

Course description

In this quarter, training will be focused on equipping students to go beyond the four walls of the church in order to share the Gospel with the world. Teachings and activations will highlight essential elements required for fruitful evangelization, with special attention on practical ways to effectively present the kerygma and demonstrate the reality of the kingdom through the gifts of the Holy Spirit. Students will engage with magisterial documents, Scripture, and history as we study how the Church, which extends the mission of Christ through history, ultimately exists to evangelize. In order to grow in boldness and activate our missionary identity and mandate, students will have multiple practicum opportunities to evangelize using tools taught during this quarter.

Course Overview

- Partner with the Holy Spirit to effectively proclaim and demonstrate the Gospel of Jesus to seek and save the lost.
- Articulate the Church’s understanding of signs and wonders in the context of evangelization
- Present the basic Gospel message and invite others to make a response to the person of Jesus
- Build and utilize a testimony for the sake of sharing the Gospel
- Grow in boldness through evangelization opportunities such as street ministry or door-to-door ministry.
